

A collection of toys is displayed against a dark, starry background. In the foreground, there are two Cabbage Patch Kids dolls: one with blonde pigtails in a purple dress, and another with blonde hair in a pink shirt. Next to them is a small white stuffed rabbit and a large, brown, shaggy stuffed orangutan. To the left of the dolls is a blue and white 'My Talking Computer' device. Behind the dolls is a large red and black Ghost Rider motorcycle with 'BLAST FORCE' branding. To the right of the motorcycle is a white Starline jet with a red stripe, and a small black and white toy car with several small figures. In the background, there is a white and orange structure resembling a space station or a tower, and a black and yellow toy vehicle. The entire scene is set against a dark, starry background with a red border.
